

Merrick's  
**BLUE RIBBON**<sup>®</sup>

ENHANCED BY  
**ADEPPT**<sup>™</sup>

## **CMPK GEL PLUS**<sup>™</sup> Mineral Supplement

for Dairy Cattle

**CMPK Gel Plus**<sup>™</sup> is a mineral supplement for use in fresh cows. It contains Calcium, Magnesium, Phosphorus and Potassium to help maintain normal levels of these minerals for cattle during freshening.

### **FEEDING RECOMMENDATIONS:**

Place the tube in a dosing gun and remove the cap. Hold the head of the cow in a slightly elevated position and place the nozzle on the back of the tongue. Feed the entire contents of the tube slowly, allowing the cow time to swallow. Do not give to cows that are unable to swallow.

### **AVAILABLE SIZES:**

10-200..... 300 ml tubes, 12 tubes per display, 4 displays per case

### **GUARANTEED ANALYSIS:**

Per 300 ml

(minimum unless otherwise stated)

Calcium (min)..... (13.5%) 54g

Calcium (max) ..... (16.0%) 64g

Phosphorus..... (2.5%) 10g

Magnesium..... (0.75%) 3g

Potassium ..... (0.50%) 2g

### **INGREDIENTS:**

Water, Calcium Chloride, Tricalcium Phosphate, Magnesium Chloride, Silicon Dioxide, Potassium Chloride, Propylene Glycol, and Sorbitan Monostearate, Turmeric, Egg Protein, and Chitosan.

**Give Your Animals the Blue Ribbon They Deserve.**
