KLATOX[™] GEL

Digestive Support

for Cattle, Horses, Goats, Sheep

GUARANTEED ANALYSIS:

(minimum unless otherwise stated)

Attapulgite Clay 200 mg
Kaolin 50 mg

KlaTox[™] Gel is specifically formulated for multi-species in a ready-to-use tube containing a blend of Attapulgite Clay, Hydrated Sodium Calcium Aluminosilicate and Kaolin. May be used as support during digestive discomfort and disorders to help maintain normal intestinal health in large and small animals.

INGREDIENTS:

Water, Attapulgite Clay, Hydrated Sodium Calcium Aluminosilicate, Kaolin, Turmeric, Egg Protein, and Chitosan.

AVAILABLE SIZES:

10-700..... 300 ml tube, 12 tubes per display,
4 displays per case

FEEDING RECOMMENDATIONS:

Place the tube in a dosing gun and remove the cap. Hold the head of the animal in a slightly elevated position and place the nozzle on the back of the tongue. Provide the entire contents of the tube slowly, allowing the animal time to swallow. Do not give to animals that are unable to swallow.

Adult Cattle: One full tube (300 ml)
Adult Horses: One full tube (300 ml)
Goats: 1 ml - 3 ml per kg (2.2 lbs) of body weight
Sheep: 1 ml - 3 ml per kg (2.2 lbs) of body weight
Repeat after 1 to 3 hours or as needed.
Consult your veterinarian before using this product.

Give Your Animals the Blue Ribbon They Deserve.
