

Merrick's BLUE RIBBON®

ENHANCED BY
ADEPPT™

PROBIOTIC PLUS PASTE™

Probiotic Supplement

for Dairy Cattle, Cattle, Swine, Sheep, Goats

Probiotic Plus Paste™ is a stabilized source of Lactic Acid Bacteria, including *Lactobacillus acidophilus*, yeast, vitamins and Inulin. Feed to any animal during ration change, birth, weaning, shipping, weather changes and following antibiotic treatment. Lactic Acid Bacteria helps support proper digestion.

FEEDING RECOMMENDATIONS:

Place the tube in a dosing gun and remove the cap. Hold the head of the animal in a slightly elevated position and place the nozzle on the back of the tongue. Feed the recommended amount slowly, allowing the animal time to swallow. Do not give to animals that are unable to swallow. Each click of standard gel/paste applicator delivers 5 ml; 1 full pull (3 clicks) delivers 15 ml.

AVAILABLE SIZES:

40-600..... 80 ml tube (dial tube), 12 tubes per case
40-601..... 300 ml tube, 12 tubes per case
