BLUE RIBBON®

GOATS PREFER™

for Goats

Revitilyte Plus™ is a stabilized source of electrolytes, vitamins and direct fed microbials. It helps to maintain normal electrolyte balance during stressful periods like shipping, handling, weather changes, diet changes, during shows, etc.

FEEDING DIRECTIONS:

Briskly mix while slowly adding one scoop* equal to 5 grams of Revitilyte Plus in 5 gallons of drinking water. Discard unused portions. If conditions do not improve, consult your veterinarian.

*scoop included
