

Merrick's  
**BLUE RIBBON**<sup>®</sup>

ENHANCED BY  
**ADEPPT**<sup>™</sup>

## PROBIOTIC PASTE

Contains a Source of Live (Viable)  
Naturally Occurring Microorganisms

for cattle, pigs, sheep, goats and horses

**Probiotic Paste** is a stabilized source of Lactic Acid Bacteria including *Lactobacillus acidophilus*, yeast and Inulin. Feed to any animal at time of stress. Stress occurs during ration change, birth, weaning, shipping, weather changes and following antibiotic treatment. Lactic Acid Bacteria helps to maintain normal appetite and digestion.
