Give Your Animals the Blue Ribbon They Deserve.

Super Guard™ & Super Guard Plus™

★★★★★ TYPE B MEDICATED CONCENTRATE

TWO FORMULATIONS

Blue Ribbon Super Guard products include two formulations with the maximum allowable amounts of Neomycin/Oxytetracycline to fit your individual calf management needs.

This proven broad spectrum antibiotic combination is used for the treatment of bacterial enteritis caused by *E. coli* susceptible to Oxytetracycline, treatment and control of colibacillosis (bacterial enteritis) caused by *E. coli* susceptible to Neomycin, and bacterial pneumonia (shipping fever complex) caused by *Pasteurella multocida* susceptible to Oxytetracycline.

Super Guard Plus contains the regular formulation with the added benefits of Direct-Fed Microbials to support healthy intestinal microflora, Kaolin to help firm the stool and adsorb toxins, and high levels of Vitamins A, D3 and E to support optimal growth and development. Vitamin E is especially beneficial during periods of stress.

DESIGNED FOR CALVES

A calf's health in early life is critical to proper growth and development. It's also the period of greatest stress. Calves are prime candidates for disease problems, particularly scours and pneumonia. Both are common and costly diseases. Merrick's Blue Ribbon Super Guard products are effective herd management tools to aid in the treatment of bacterial enteritis and bacterial pneumonia (shipping fever complex).

FEATURES

SUPER GUARD - REGULAR

- ★ Our trustworthy regular formulation
- ★ Maximum allowable dosage of Neo/Oxy

SUPER GUARD PLUS

- ★ Regular formulation with max dosage of Neo/Oxy
- ★ Added benefits of Direct-Fed Microbials and Kaolin
- ★ High levels of Vitamins A, D3, and E

Blue Ribbon Super Guard Products

M

INDICATIONS FOR USE For Manufacturing a Type C complete feed to be used in calf milk replacer or starter feed.

FEEDING DIRECTIONS For Calves (up to 250 lb) feed Super Guard product in addition to the calf's regular feed and not as a replacement. Feeding directions are based on individual calves and not based on feeding levels or feeding programs. 1 ounce of Super Guard medicated feed contains 0.5 gram active ingredient or 5 mg/lb of body weight. To supply 10 mg/lb of body weight add 1 oz per feeding to the calf's regular feed and feed twice per day.

Calf Weight (lbs)	Oxytetracycline (mg/calf/day)	Neomycin (mg/calf/day)	Amount of Type B (per feeding)
75	750	750	0.75 oz
100	1000	1000	1 oz
125	1250	1250	1.25 oz

**Dry powder should be weighed to determine recommended amount. Scoop in each pail holds approximately 1 oz dry weight.*

SUPER GUARD - TYPE B MEDICATED CONCENTRATE

MEDICATED ACTIVE DRUG INGREDIENTS

Neomycin sulfate 8 grams/lb
 Oxytetracycline Hydrochloride 8 grams/lb
Providing the maximum allowable amount of 10 mg/lb Of body weight per day, when fed as directed.

GUARANTEED ANALYSIS

Crude Protein, minimum 6.0%
 Crude Fat, minimum 2.0%
 Crude Fiber, maximum 0.15%
 Calcium, minimum 0.2%
 Calcium, maximum 0.5%
 Phosphorus, minimum 0.4%

INGREDIENTS

Dried Whey, Dextrose, Natural Flavor Ingredients, Silicon Dioxide, Propylene Glycol, Acetic Acid and the following preservatives: Citrid Acid and Propionic Acid.

34410038 Case of 4 - 3 lb Pails
 34410001 25 lb Pail
 34410002 50 lb Bag

SUPER GUARD PLUS - TYPE B MEDICATED CONCENTRATE with Direct-Fed Microbials

MEDICATED ACTIVE DRUG INGREDIENTS

Neomycin sulfate 8 grams/lb
 Oxytetracycline Hydrochloride 8 grams/lb
Providing the maximum allowable amount of 10 mg/lb Of body weight per day, when fed as directed.

GUARANTEED ANALYSIS

Crude Protein, minimum 6.0%
 Crude Fat, minimum 2.0%
 Crude Fiber, maximum 0.15%
 Calcium, minimum 0.2%
 Calcium, maximum 0.5%
 Phosphorus, minimum 0.4%
 Vitamin A, minimum 280,000 IU/lb
 Vitamin D3, minimum 60,000 IU/lb
 Vitamin E, minimum 1200 IU/lb
 Total Viable Bacteria, minimum 28 Million DFU/oz
(From Bacillus subtilis, Enterococcus faecium)

INGREDIENTS

Dry Whey, Kaolin Clay, Dextrose, Maltodextrin, Sodium Citrate, Sodium Chloride, Tricalcium Phosphate, Glycine, Potassium Chloride, Monosodium Glutamate, Sodium Aluminosilicate, Ascorbic Acid, Calcium Lactate, Organic Inulin Powder, Dried Bacillus subtilis Fermentation Product, Dried Enterococcus faecium Fermentation Product, Red No. 40, Vitamin E Supplement, Ferrous Sulfate, Zinc Sulfate, Silicon Dioxide, Vitamin A Acetate, Manganese Sulfate, Choline Chloride, Selenium Yeast, Brewer's Dried Yeast, Vitamin D3 Supplement, Copper Sulfate, Magnesium Sulfate, Niacinamide, d-Calcium Pantothenate, Riboflavin, Vitamin B12 Supplement, Menadione Sodium Bisulfite Complex (source of Vitamin K3), Pyridoxine Hydrochloride, Thiamine Mononitrate, Biotin, Calcium Iodate, Folic Acid, Cobalt Sulfate, Natural Flavor Ingredients, Propylene Glycol, Acetic Acid and the following preservatives: Citric Acid and Propionic Acid.

34412038 Case of 4 - 3 lb Pails
 34412001 25 lb Pail
 34412002 50 lb Bag

RESIDUE WARNING: A withdrawal period has not been established for use in prerinuating calves. Do not use in calves to be processed for veal. A milk discard time has not been established for use in lactating dairy cattle. Do not use in female dairy cattle 20 months of age or older, including dry dairy cows. Use in these cattle may cause drug residues in milk and/or in calves born to these cows. Withdraw 5 days before slaughter. Use of more than one product containing neomycin or failure to follow withdrawal times may result in illegal drug residues.

For animal use only. Keep out of reach of children. Store in a cool, dry place.
