

Merrick's  
**BLUE RIBBON®**

ENHANCED BY  
**ADEPPT™**

## **FOOT ROT & RINGWORM SPRAY** Topical Solution

for Cattle, Equine, Sheep, Dogs & Cats

**Foot Rot & Ringworm Spray** is used to manage summer itch, girth itch, foot rot, ringworm and other fungal problems in animals.

### **FOR ROUTINE USE:**

Soak affected area liberally with Foot Rot & Ringworm spray. Apply daily until hair begins to grow. Leave sprayed areas uncovered. Rinse sprayed areas with clear water before reapplying. Results should be apparent in a matter of days. If condition persists for more than seven days, consult your veterinarian.

### **NOTE:**

Efficiency is neutralized by soap or detergent residues.

### **AVAILABLE SIZES:**

30-300..... 16 oz. spray bottle  
30-301..... 32 oz. spray bottle

### **ACTIVE INGREDIENTS:**

Benzalkonium Chloride .....0.15%

### **INACTIVE INGREDIENTS:**

Water, Allantoin and FD&C Blue #1
