

Merrick's
BLUE RIBBON[®]

ENHANCED BY
ADEPPT[™]

REVITILYTE-PLUS[™]

Oral Electrolyte with Vitamins

for cattle, swine and poultry

Revitylte-Plus[™] provides electrolytes, vitamins, and live (viable) naturally occurring microorganisms to stimulate the digestive system and appetite.

FEEDING RECOMMENDATIONS:

Cattle & Swine: Mix 1 rounded scoop* of Revitylte-Plus[™] in 128 gallons of water, milk, or milk replacer and give for 3 to 5 days.
Repeat as needed.

Auto-portioner: Make tock solution of 1 rounded scoop of Revitylte-Plus[™] in one gallon of water. Set the proportioner to deliver 1 ounce of solution per gallon of water. Mix fresh stock solution daily.

Feed: Mix 1lb./ton of complete feed

Poultry: Mix 1 level scoop* of Revitylte-Plus[™] in 128 gallons of water and feed for 3 to 5 days. Repeat as needed.

Auto-portioner: make stock solution of 1 level scoop of Revitylte-Plus[™] in one gallon of water. Set proportioner to deliver 1 ounce per gallon of drinking water. Mix fresh stock solution daily.

Provide access to fresh clean drinking water.

*Scoop provided equals approximately 4 ounces when rounded and 3 ounces when level.
